

Product Specification **A1139**

Taconic A1139 is a 10 mil Premium Blue PTFE coated fiberglass fabric. This fabric is produced with a proprietary coating that allows for excellent release properties and good heat transfer. This fabric is commonly used in the production or pre-cooking of food products most notably flour tortillas and pizza. The enhanced coating allows for better yields per working life of the belts/fabric. Maximum width is 51" wide.
